Zero Duval Street, Key West, FL 33040

Nestled between Key West Harbor and Mallory Square, where historic Duval Street begins the old town experience is Ocean Key Resort & Spa. A dream escape to Key West, Florida with 100 large rooms, views that inspire and energize and amazing cuisine, all overlooking the placid waters where Gulf of Mexico meets the Atlantic Ocean. More than just another Key West Hotel, this beautiful island resort greets you with warm breezes, breathtaking views, bright colors, island style art, and unique, hand-painted furniture throughout. Even the oversized bathrooms are destinations in themselves, with elegant pedestal sinks and whirlpool tubs! Relax in the sun at the resort's swimming pool, perched above the harbor and overlooking the Gulf. Arrange a private fishing charter at the resort's marina. Or explore the world underwater by signing up for a glass-bottom boat tour. Enjoy an exotic body ritual at SpaTerre. Dine on "conch-fusion" cuisine at the island's finest restaurant, Hot Tin Roof. At the end of the day, stroll the resort's own Sunset Pier to participate in Key West's famous sunset celebration. Or, take in the view from your own private balcony or terrace. It's all right here.
